## Nursery and Reception

The children in Nursery and Reception having been working very hard this half term to learn all the songs and to prepare for our nativity performance. It was lovely for the children to get to show their loved ones all their hard work. It was great to see so many faces and help us all celebrate the meaning of Christmas! A huge well done to all the children for their hard work – I am so proud of you all! I wish all our families a very Merry Christmas.

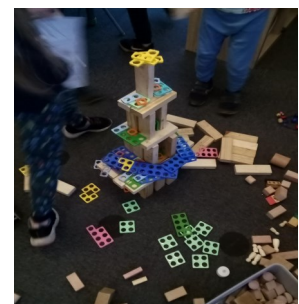

## Year 1 & 2

This week in class 2 we have really been enjoying getting creative. We were able to build some models of London after learning about the gun powder plot in our History lessons. We have also really enjoyed exploring the ice that has formed in our outdoor area. We even recreated the Titanic with a boat and an iceberg which was super creative. I hope everyone has a lovely Christmas.

## Year 3 & 4

Last week in English the children watched David Attenborough's COP26 speech to world leaders. Following on from writing their own speeches, the children have been using publisher to create persuasive leaflets. They discussed and identified the actions they can take to support the issues surrounding climate change. The children chose to make leaflets on: reducing energy bills; recycling; walking to school. You will find their persuasive leaflets around the school and on the community notice boards. Well done Class 3!

## Year 5 & 6

This week in class 4 we have completed our science topic on sustainability. We learned all about the effects of climate change and how different environments are impacted. On Thursday, we enjoyed a festive pantomime at Terrington Village Hall and are ready for a well earned break.
