## **Introduction**

All three schools provide wrap around care and extra-curricular clubs as part of their extended schools offer. Wrap around care is primarily to support working parents by providing before and after school childcare. Whilst activities are led by the staff they will vary and there will also be opportunities for children to relax after their busy school day and do homework if appropriate.

Extra-curricular activities provide a block of short sessions of a focused activity usually led by an individual with expertise and training in the activity to extend children's experiences in that area. They will be limited to particular age groups due to the nature or level of the activity and numbers will be limited due to staffing capacity and resources. The schools aim to provide a programme of different extra-curricular activities across the year that will appeal to a wide range of ages and interests.

Parents can combine wrap around care and extra-curricular activities to meet their needs but they are charged for and must be booked separately.

## **Eligibility for Wrap around Care**

Places are allocated to children that attend full time education. If there are available spaces, we do accept nursery children, but they must be 4 years old. We aim to provide a safe, clean and welcoming environment for children in our care. Health and safety are a high priority in our setting, and this includes carrying out regular risk assessment checks and ensuring that there is always a qualified first aider on site.

## **Wrap Around Care Aims**

Our aims are:

- To provide wrap around care in a safe and secure environment.
- To provide a variety of stimulating and exciting play opportunities and activities for the children in a group situation.
- To provide opportunities for relaxation for children after their busy school day.

To achieve our aims:

- We will hold wrap around care sessions every day during term-time.
- We will regularly clean and inspect the premises and equipment used.
- We will ensure that there is always a qualified first aider on the premises.
- We will implement regular fire drills and ensure that all staff and children are aware and familiar with the procedure.
- We will encourage the children to be independent, to experiment, to be creative and to develop self-discipline and acceptable behaviour.

## **Parental Involvement Policy**

At Foston, Terrington & Stillington we believe that all parents and staff should work with each other to ensure a happy, relaxed environment where each child can flourish. We encourage parents and carers to express their views and value any information shared with staff members. Communication between staff and parents is

vital in building a positive and trusting relationship. Staff will regularly talk to parents/carers about their child's achievements. Parents will gain an insight into our wrap around care and extra-curricular club offers through our school bulletin.

### **Behaviour Overview**

We aim to provide a happy, caring environment with challenging activities. Therefore, we set high expectations of behaviour by encouraging and praising good behaviour. The children are encouraged to respect themselves, each other, adults and property. Understandable rules are applied to be fair and consistent. Parents will be informed of persistent unacceptable behaviour. A child may be monitored by staff to identify any further problems. If a child's behaviour does not improve parents would be advised by senior staff to consider contacting professionals. Parents will also be invited into school for a meeting to discuss the behaviour further. The schools behaviour policy will be followed during any extended school provision (wrap around care and extra-curricular clubs). This policy can be found on the schools' website.

### **Special Educational Needs**

#### **Policy General statement of values and beliefs**

- In wrap around care and Extra-curricular clubs provision, we believe that children with disabilities are children first; sharing the same needs and desires as all children.
- We feel that where possible all children should share social and learning experiences with their peers in local settings.
- Inclusion is a human right with benefits to all.
- Our aim is that all children will be happy in the environment with activities to suit individual needs and abilities.
- Inclusion teaches children and adults to accept and value everyone, whatever their differences, it challenges fear and prejudice.

#### **Parent partnership**

We understand that parents/carers know their child best, and we are happy to learn from them about the unique needs of their child. We would appreciate notification of any child who has an identified need in order for us to support and include the individual in every activity we plan. Where we have a concern about any aspect of your child's development we will always talk to the parent/carer. We understand that circumstances vary at home and at school and these can have an effect on children's learning, emotions or behaviour. In conclusion, we aim to include all children into our wrap around care and extra-curricular clubs provision regardless of their needs.

### **Food and Hygiene Policy**

- Those responsible for the preparation of food should be fully aware of hygiene

and storage regulations. All staff should hold a food hygiene certificate.

- Tables used for food and drink should be cleaned before and after use. Floors to be hoovered/mopped if any debris is on the floor.
- Children will be encouraged to wash their hands on a regular basis and before and after eating food. Hand sanitiser is available at all times.
- All utensils should be kept clean and stored correctly.
- A cleaning routine should be in place to ensure the food area and utensils are thoroughly cleaned on a morning and afternoon after session.
- All food and drink should be stored correctly and used within the recommended use by date.
- Staff preparing food will always adhere to personal hygiene recommendations.

### **Nutritional Food Policy**

What we want to achieve:

- Ensure that all meals available in school are healthy.
- Create an environment where pupils can enjoy their food in an area which is safe, hygienic and comfortable.
- Promote food that reflects the healthy eating messages taught in the classroom.
- Encourage healthy eating (Pupils are encouraged to select their own breakfast and snacks from the choices on offer).

In breakfast club we aim to provide children with a nutritional breakfast to help aid concentration and learning throughout the school day. On a daily basis we aim to provide rice, wheat, oat and corn based cereals, that are not sugar coated and these will be served with semi-skimmed milk. Alongside these we will serve daily – toast with the option of jam. We will also try to provide seasonal fruits for the children, and as treats, we may serve crumpets, pancakes, waffles and pastries (whole grain varieties will be served whenever possible).

In after school care we aim to provide healthy and balanced snacks and encourage children to make healthy choices. The first snack we offer is a piece of fruit of the child's choice, there will be a further snack offered later in the wrap around care. Water and juice will be provided unless another alternative has been requested by the parent/carer due to medical reasons/allergies. Extra drinks will be provided during the session when appropriate or if requested by the child e.g. during hot weather. Treats for parties and celebrations will be offered but will always be carefully selected to ensure the allergens and dietary requirements of all children are met and no child is excluded.
